

Table 2. List of USGS streamflow gages used for this study.

STREAMFLOW- GAGING STATION NUMBER	NAME	PERIOD OF RECORD (calendar year)	See Footnote		DATUM ELEVATION ^c (ft)	MEAN BASIN ELEVATION ^c (ft)	DRAINAGE AREA (mi ²)	REGULATION AND CONTROL
			a	b				
09379200	Chinle Creek near Mexican Water	10/1964 - Present			4,720	6,260	3,650	Some diversions for irrigation, livestock tanks and domestic use.
09382000	Paria River at Lees Ferry	10/1923 - Present			3,124	6,150	1,410	Diversions for irrigation.
09384000	Little Colorado River above Lyman Lake near St. Johns	04/1940 - Present			6,010	7,760	706	Regulated by small reservoirs. Diversions for irrigation.
09390500	Show Low Creek near Lakeside	05/1953 - Present			6,610	7,320	69	Parly regulated by small reservoirs. Diversions fro irrigation.
09394500	Little Colorado River at Woodruff	03/1905 - Present	•	•	5,130	6,810	8,072	Some diversions for irrigation and regulation by reservoirs.
09424450	Big Sandy River near Wikieup	03/1966 - Present		•	1,400	4,490	2,742	Some diversions for irrigation.
09444200	Blue River near Clifton	11/1967 - Present	•		4,160	6,910	506	
09444500	San Francisco River at Clifton	10/1910 - Present	•	•	3,436	6,880	2,766	Diversions for irrigation, mining and municipal use.
09448500	Gila River at head of Safford Valley near Solomon	04/1914 - Present		•	3,060	6,360	7,896	Diversions for irrigation, mining and municipal use.
09470500	San Pedro River at Palominas	05/1930 - Present	•	•	4,188	4,950	737	Small diversions for irrigation.
09471000	San Pedro River at Charleston	04/1904 - Present	•		3,954	4,840	1,234	Some diversions for irrigation.
09473000	Aravaipa Creek near Mammoth	05/1931 - Present	•		2,345	4,530	537	Diversions for irrigation.
09480000	Santa Cruz River near Lochiel	01/1949 - Present			4,620	5,150	82	Small diversions for irrigation.
09484000	Sabino Creek near Tucson	07/1904 - Present	•	•	2,720	6,300	36	
09484600	Pantano Wash near Vail	01/1959 - Present	•		3,205	4,500	457	
09492400	East Fork White River near Fort Apache	08/1957 - Present			6,050	8,580	39	
09498500	Salt River near Roosevelt	01/1913 - Present		•	2,177	6,190	4,306	Small diversions for irrigation and contribution to Roosevelt Lake.
09499000	Tonto Creek above Gun Creek near Roosevelt	12/1940 - Present		•	2,523	5,020	675	Small diversions for irrigation.
09503700	Verde River near Paulden	07/1963 - Present		•	4,117	5,410	2,507	Diversions and storage for municipal and irrigation.
09504000	Verde River near Clarkdale	06/1915 - Present	•	•	3,500	5,490	3,503	
09505800	West Clear Creek near Camp Verde	12/1964 - Present		•	3,630	6,680	241	
09508300	Wet Bottom Creek near Childs	06/1967 - Present		•	2,320	4,810	36	
09508500	Verde River below Tangle Creek above Horseshoe Dam	08/1945 - Present			2,029	5,470	5,858	Flow slightly regulation by power plant.
09510200	Sycamore Creek near Fort McDowell	12/1960 - Present			1,795	3,820	164	
09512500	Agua Fria River near Mayer	01/1940 - Present			3,434	5,000	585	Diversions for irrigation and mining.
09537200	Leslie Creek near McNeal	10/1969 - Present	•		4,620	5,360	79	

a) Periods of monthly data values missing. Some records are incomplete due to discontinuation of gage and/or discharge measurements.
b) Monthly discharge values used began after the start of the Period of Record. In some cases this is due to construction of gage being completed after the beginning of month.
c) Elevation datum: National Geodetic Vertical Datum of 1929
