

Agenda for the 2013 Northern California Earthquake Hazards Workshop

Tuesday, January 22-

9:00 AM Welcoming Remarks, Tom Brocher (USGS)

9:10 AM How can the USGS improve communicating post-earthquake information to media in Northern California? Speakers- Brian Hackney (KPIX), Mike Blanpied (USGS), Moderator- Walter Mooney (USGS)

10:00 AM Break

10:10 AM The geology and geodetics of the Northern Calaveras-Concord-Green Valley-Berryessa-Hunting Creek-Bartlett Springs Fault System. Speakers- Russ Graymer (USGS), Jessica Murray-Moraleda (USGS), Jim Lienkaemper (USGS), Moderator- Carol Prentice (USGS)

12:00 PM Lunch

1:10 PM The complexity of seismicity and strain release on the Hayward fault. Speakers- Manoochehr Shirzaei (ASU), Taka'aki Taira (UC Berkeley), Moderator- Justin Rubenstein (USGS)

2:00 PM Updating the USGS Scenario Maps and Innovations of the ABAG web pages. Speakers- Jack Boatwright (USGS), Danielle Hutchings (ABAG)

2:40 PM Break

3:00 PM Geology and Seismic Hazard in the Sacramento Delta. Speakers Dan Ponti (USGS), Mark Pagenkopp (DWR), Darcy McPhee (USGS), Ben Brooks (USGS), Joe Fletcher (USGS), Moderator- Keith Knudsen (USGS)

4:20 PM Poster Session- Paleoseismic Research in Northern California

Wednesday, January 23

9:30 AM Panel Discussion- The UCERF3 Model for Earthquake Hazard in Northern California, Panel, Tom Parsons (USGS), Bill Ellsworth (USGS), Wayne Thatcher (USGS), Ned Field (USGS), Moderator- Dave Schwartz (USGS)

12:00 PM Lunch

1:00 PM Reinvigorating Hazard Research in Northern California.
Moderator- Jack Boatwright (USGS)

2:00 PM Topical Breakout Sessions
